

Abstract

Pragmatism is a method in philosophy that evaluates the accuracy opinions based on their practical results. According to this method, every word, opinion and theory must have being practical results for human. Activism is one of the pragmatism components that can be examined in the Jami works, especially in the field of practical mysticism. The purpose of this research is Survey the elements of pragmatism and their frequency in Jami's works; Therefore, Has been studied elements such as Algebra, humanism, religious teachings, moderation, mysticism and political, social and religious conditions of Jami. The research findings indicate this In the context of algebra Pragmatists believe That humans instinctively inclined to freedom of will But Jami has a tendency toward algebra And he says that although you are free· It does not have an option. In the field of humanism both (pragmatism and Jami) care very much To issues and human rights Including truth and truth, Forgiveness and charity, seeking knowledge, justice and Self-cleaning and.... Both are religious teachings and moderation has paid special attention And know believe in God's Causingin face With the world of hope. The rule of the era of the Jami To the scientists ‘Ghosts and Jami had a special respect Therefore, the attachment of the Jami continued to religious and human values, poetry and poetry.
